## JOHN 9:4

*“We must work the works of Him who sent Me as long as it is day; night is coming when no one can work.”*

## Night is Falling, but the Son is Coming!

We are entering the fall season. It has always been an important time of the year for farmers. It is the time of the year when they bring in their harvest. Oftentimes, they find themselves pushing the clock, and trying to get as much work done as they can before the sun sets, and it turns dark. Sometimes, they have to turn on the lights on their tractors and the headlights on their trucks to illuminate the field in order to finish their work. Jesus made a stern statement about the work to be done in His harvest field. He called us to work with a sense of urgency: “As long as it is day, **we must** do the works of Him who sent me,” because “**night is coming**, when no one can **work**.”

This Autumn is an especially important time for our nation as we are approaching the presidential election. The prognosticators are already saying that the election results will not be accepted by either side and we are looking at weeks and maybe months of court battles. They say that no matter who wins, the level of rioting and violence is going to significantly increase. We are seeing things take place in our nation and the world that can be described in no other way than just plain wicked. Nevertheless, we should not be surprised. The Lord gave us the signs in scripture that indicate when His return is near. Although we will not know the day or the hour, the Lord intends for us to know the season.

As we travel around the district and other states, one theme is prevalent when talking with the pastors and people in the churches: “the return of Christ”. We believe that God is speaking through the Holy Spirit to open the eyes of His people to the nearness of Jesus’ return. He wants to stir an urgency in us for reaching the lost while there is still time. In John 9:4 the word “**must**” is the Greek word *dei*, which always carries the idea of an obligation or a necessity. This reveals that Jesus urgently and strongly felt that there was no option in the matter. It was imperative, essential, and compulsory that He properly used His time to reach souls.

Our time is running out to reach those people that God has placed into our lives. There are two things that the Lord wants from us. First, lift our head and rejoice for His return is near. We should be filled with joy not fear at the signs taking place in our world. Second, we should be working with urgency for the fulfillment of the Great Commission. The sun is setting on the harvest. Let us work with urgency before it gets dark when no man can work. ***Night is falling, but the Son is coming!***

God has a strategic plan for us to serve in Côte d'Ivoire. The harvest field in West Africa is in desperate need of more workers and God uses **You** to send us. If you are not currently one of our ministry partners, we encourage you to become a partner and join our support team to reach the nation of Côte d'Ivoire with the Gospel of Jesus Christ. Together, we can make a difference in West Africa for the glory of God!

## PRAISE REPORTS

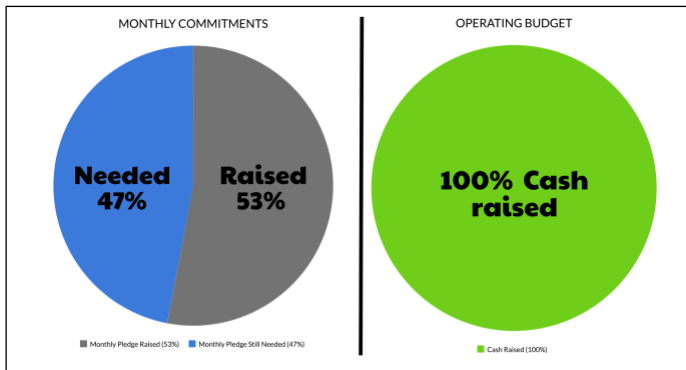

We consistently pray for divine appointments and the Lord moves. A few weeks ago, God opened the door for Judith to share the life-changing message of the Gospel with some families in her hometown in the Philippines, and she led seven (7) Filipinos into a saving relationship with Jesus Christ. She spent several weeks discipling them through Zoom and connected them to a Christian church. The Kingdom has grown for the glory of God!

It is a distinct honor to preach the Word of God in everyplace where God sends us. We are privileged to be invited to speak and minister in different churches of our district. As we pray for a move of God in each service, we are delighted to see His hand stir people's heart about the message of salvation. We have been blessed to see the Lord answer our prayers, and several people have received Christ as their Lord and Savior – Hallelujah!
